Did you miss us?

We hope everyone had a relaxing holiday season! While the work never really stops, we're officially back in session next week, starting **January 16th**. We're excited to gather again, get our hands moving, and kick off the 2026 creative year together!

2026 Schedule

As promised, we've been fleshing out the **2026 schedule** so everyone has a better idea of what's coming up at Build Days. Complete with detailed tutorials, we've been busy behind the scenes prepping materials to start the year off strong!

Right now, most of **January is mapped out**, and February is underway! We'll keep adding more as we go. We always keep things flexible, we're open to new ideas, and of course, you're always welcome to just show up and work on your own projects alongside us.

That said, there will **always be something ready for you to dive into** if you come! Check out the schedule [here](#) and let us know what you think.

Upcoming Build Days

We've got **January 16** (Haddon Heights) and **January 30** (Cherry Hill) on the books for our next Creative Team build day sessions!

Not sure what to expect? Whether you're thinking of hosting or jumping in, we've got you covered. [Check out](#) our guide on what to expect.

Progress + Highlights

With the increase in ICE activity, it's **more important than ever** that we show up for our immigrant neighbors. We've been hard at work on tutorials for basic paper-mâché, puppets, and butterfly stenciling, so we can crank out consistent visuals for maximum impact at actions and events.
